

EPSON PROJECTORS

EPSON EB-675Wi / EB-685Wi

The bright choice in interactive projectors for today's BYOD classroom.

The Epson EB-675Wi and EB-685Wi bring cutting-edge kinesthetic learning to the BYOD classroom. Offering 3x Brighter Colours than competitive models, Epson 3LCD projectors ensure bright, vivid lessons. The 675Wi and 685Wi ultra-short-throw projectors deliver dynamic images, whatever the task at hand. And, they display images up to 100" from just 12" away. Best of all, with PC-free interactivity, these projectors make it easy to walk in and start an interactive session on any wall or whiteboard. Instructors can use the Moderator software to share students' work over the network from multiple devices, simultaneously. Or, they can wirelessly project content from iOS® or Android devices or utilize popular learning applications.

ULTRA SHORT
THROW

EPSON EB-680

Shorter throw distance, higher brightness, and more flexible, user friendly mounting.

3 x Brighter Colours and reliable performance – 3LCD, 3-Chip Technology.

Look for both high colour brightness and high white brightness

Bright Images – 3,500 lumens colour/white brightness

Amazing images – XGA resolution (1024 x 768) and 4:3 format

Ultra-short throw presentation display – get a 100" image from as little as 28cm away with virtually no shadow interference

Simultaneously display and control multiple device screens – wirelessly share content from up to four devices², including Chromebooks, with Moderator software (requires optional wireless module)

Manage your display and send announcements remotely – easy network connectivity; software included

Versatile connectivity – 3x HDMI® supports multiple high-definition A/V devices, with MHL® support

Powerful sound to engage every student – built-in 16 W speaker and microphone input; or, use external speakers, even in Standby Mode

Flexible wall mount

EPSON EB-675W

The perfect ultra short-throw widescreen projector.

3 x Brighter Colours and reliable performance – 3LCD, 3-Chip Technology. Look for both high colour brightness and high white brightness

Bright Images – 3,200 lumens colour/white brightness

Amazing images – WXGA resolution (1280 x 800) and 16:10 format

Ultra-short throw presentation display – get a 100" image from as little as 28cm away with virtually no shadow interference

Simultaneously display and control multiple device screens – wirelessly share content from up to four devices², including Chromebooks, with Moderator software (requires optional wireless module)

Manage your display and send announcements remotely – easy network connectivity; software included

Versatile connectivity – 3x HDMI® supports multiple high-definition A/V devices, with MHL® support

Powerful sound to engage every student – built-in 16 W speaker and microphone input; or, use external speakers, even in Standby Mode

10,000Hr maintenance cycle – the lamp and filter lasts up to 10,000 hours in ECO Mode

EPSON EB-685W

Designed for today's BYOD classroom, the Epson EB-600 series takes classroom collaboration further. Offering 3x Higher Colour Brightness¹ than competitive models, Epson® 3LCD projectors and displays ensure bright, vivid images. It features optional wireless functionality (module sold separately) and advanced connectivity, so teachers can easily share content from multiple student devices, including Chromebooks – up to four at once with Moderator software². Plus, its lamp lasts up to 10,000 hours in ECO Mode.

WITH A 5 YEAR
WARRANTY

EPSON EB-695Wie

Ultra bright. Ultra flexible. Ultra reliable.

The EB-695Wie ultra-short-throw interactive projectors offer cutting-edge kinesthetic learning - designed specifically for use in an education environment and come with a 5 year warranty. With PC-free interactivity, it's easy to annotate on displayed content from virtually any device, or no source at all. Teachers can wirelessly project from mobile devices, utilise popular learning applications, or use the Moderator software to simultaneously share students' work from PC, Mac®, iOS® and Android™ devices. It's all so seamless – kids stay focused with no downtime. Ensure bright, vivid lesson times with the delivery of truly dynamic images.
