

EDUTOUCH HEIGHT ADJUSTABLE MOBILE SOLUTION

EDUTOUCH HEIGHT ADJUSTABLE MOBILE SOLUTION

The EduTouch Height Adjustable Mobile Solution is a versatile mobile solution that allows for height adjustability, either manually through gas strut support, or automated. The EduTouch panel is securely mounted to the trolley and the overall design provides stability and is compatible with all EduTouch panels (55", 65", 70", 75", 84" and 98"). The trolley allows for proper cable management, the laptop arm can be mounted on either side of trolley and the EduTouch Height Adjustable Mobile Solution fits through standard doorways.

The EduTouch interactive panel supports 20 Point Touch (55"-75") based on infrared technology, making it easy to perform touch and gesture based interactive activities. It can bring great flexibility to your kindy, classroom, lecture room, conference room or other business centre.

Features:

- Integrated Android Interface with Touch Control (Whiteboard functionality without a PC)
- USB Wi-Fi Dongle – Web Browsing without a PC
- 20 Point Touch (55"-75")
