

WIRELESS DISPLAY - KRAMER VIA PRO/GO

KRAMER - VIA PRO CONNECT

Wireless collaboration and presentation solution

VIA Connect PRO is a wireless collaboration and presentation solution that makes sharing and presenting in meetings easier. With any laptop or mobile device, users can view, edit and comment on documents in real time, share files and chat with individuals or multiple participants simultaneously.

The solution can show up to four screens on the main display. From any laptop or mobile device, students, teachers or any in-room meeting participant can view the main display, edit documents together in real time, share any size file, turn the main display into a digital whiteboard, and more. The solution features iOS mirroring for MacBook, iPad, iPhone, Windows phone and Android mirroring (Lollipop OS 5.0 or newer).

VIA Connect PRO is ideal for huddle rooms, offering the best price-performance in the market.
